- Assisting with site inventory, inventory analysis, site measurements and creation of base maps.
- GPS Mapping (training will be provided).
- Creation of proposals.
- Design and design documentation assistance.
- Ecological research as requested by staff designers.
- Assistance with creation of management documents.
- Plant and materials procurement assistance.
- Occasional light fieldwork (plant layout, meadow seeding)

Skills Required:

- Computer skills (Microsoft Office, AutoCAD and Adobe Creative Suite)
- An attention to detail, critical thinking skills and problem-solving abilities.
- Strong interest in and familiarity with plants native to the northeastern United States and basic ecological processes.
- Be able to effectively manage his/her own time.
- Inquisitive and goal oriented.
- Willingness to learn and participate in a diverse range of support tasks.

To apply, please submit a cover letter, resume, and work samples in PDF format (not to exceed 10MB) via email to Ani Knauff, at aknauff@lweanerdesign.com. No telephone inquiries please. While we appreciate every applicant's interest, only those under consideration will be contacted.
